# 2026: Looking to the future

- At this time it is too early to be able to set concrete goals for 2026, in part because our goals for 2026 will likely be based on things that occur during 2025.
  - The successes and challenges of Battlemoor 2025 will result in goals to make it even better for 2026.
  - New opportunities and challenges may arise in 2025 that will also inform our 2026 goals.
  - During the second half of 2026, the Kingdom Seneschal and Their Majesties will need to find an acceptable and appropriate successor to take the office midway through 2027.
